

PRESS RELEASE

25th September 2009

A Classic Celebration...Dulux Accredited Painter of the Year Western Australia 2009.

Classic Contractors celebrates being recognised as the 2009 Dulux Accredited Painter of the Year WA for the third consecutive year.

This year's awards were held at a gala event in Tasmania where Classic Contractors competed against some of the most experienced painting professionals from around the country. Classic Contractors is establishing a strong market brand in Western Australia with the company taking great pride in achieving the highest quality of workmanship. The Dulux Accredited Painter program provides opportunities to increase the professional standards of the tradesperson and provides only the best products available in the painting industry.

"We are incredibly excited to be acknowledged as the West Australian winner at this year's awards ceremony. We are particularly proud to represent the Perth area and show that there is so much more to running a painting business than simply knowing how to paint!" Mark Stewart.

In achieving success, Mark acknowledged the contribution of his Painting Manager, Greg Migro. Greg is committed to the company philosophy to exceed the highest industry standards while ensuring projects are completed on time and on budget. Greg is vital to the success of the company strategy and is a key player in the ongoing development of the business.

The Dulux Accredited Painter of the Year assesses professionals on their business plan and systems, marketing initiatives, financial management, Occupational Health and Safety precautions and practice, plus environmental sustainability practices.

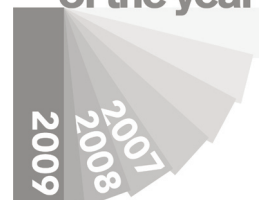

Mark Stewart established Classic Contractors in Perth during 1995 as a high quality provider for both the residential and commercial markets. Classic's commitment to excellence plus exceeding client expectations ensures Classic Contractors will be your professional property partner.

Mark Stewart,
Dulux Accredited Painter
of the Year Award WA.
